## PROFILE

Highly motivated and ambitious recent Bachelor of Science in Information Technology (BSIT) graduate with a strong foundation in computer systems, software development. Eager to apply theoretical knowledge and skills in a dynamic work environment, willing to be trained and develop expertise in specific areas. Familiar with programming languages such as PHP, and JavaScript. Strong analytical and problem-solving skills, with excellent communication and teamwork abilities. Seeking an entry-level position where I can learn, grow, and contribute to the success of the organization.
